### **Willen Hospice Open 12th February 2012**

17 fished in cold conditions following a very hard frost.

Fish were nearly impossible to find. The exception was Mick Farey who managed to find a chub but contrived to lose it again!

Nobody actually caught anything. All blanked!

There was a draw for the prize money later at the Two Brewers.

Just a thought for Mick Farey... even the most expensive fishmongers don't charge £140 per pound which is what the two pound chub would have won!!!!
